

MASTER YOUR BUDGET

Follow these simple steps to put your budget into action

Save for retirement.

Max out your employer retirement funds to get your employer match.
#FreeMoolah

Create a net worth statement.

Make a visual snapshot of your cash flow, savings, and investments.

Wrangle your mortgage.

Pay it more aggressively than your standard monthly payment. (Or, invest in the market. It's up to you and your savings.)

Pay down expensive debt.

Pay off your full credit card balance each month.
No excuses!

Plan for college savings.

Estimate how much your kids will need for college. Decide if, and how much, you'll contribute. Allocate funds each month.

Psst ..
Don't over-fund college savings! Have a plan for your retirement first.

Attack student loan debt.

Set a reasonable payoff goal and stick to it.
